

PRIT FUND WIRE INSTRUCTION AUTHORIZATION FORM

The PRIT Fund Wire Instruction Authorization Form provides the Pension Reserves Investment Management (PRIM) Board with your System or Entity's wire instructions. These instructions are kept on file and used for all redemptions and/or wire transfers from your account, unless supplemental wire instructions are appropriately provided via the Redemption form.

On the PRIT Fund Wire Instruction Authorization form, please list your bank's complete wire instruction information; including the Bank Name and Address, Routing or ABA Number, Account Name, Account or DDA Number, and Reference information. Please be sure to fill out each line completely as this form invalidates all prior Wire Instruction Authorization forms and/or wire instruction direction. The form should be signed and dated by an authorized signor, as listed under "Authorized Representatives" on your PRIT Fund Letter of Incumbency. Return the form to PRIM Client Service via e-mail at clientservice@mapension.com.

Please note that all new wire instructions require verbal confirmation by a Retirement Board or Town staff member, other than the authorized individual listed on the form.
